PROFESSIONAL PROFILE

Jesus has called me to be His faithful follower and disciple. My purpose in life is to introduce as many people as possible to Jesus with the ultimate aim of making them His followers and disciples.

A pastoral heart, pastoral skills and a pastoral vision exemplify my ministry, and Pentecostal passion, power and presence are characteristics of my preaching, praying and practices. Our ministry has focused on evangelism accompanied by signs and wonders, and on church growth and revitalization through discipleship processes. We have mentored, coached and counseled many evangelists and pastors.

Twenty years ago my wife Lisa and I followed God's direction to serve as Assemblies of God missionaries to India where by God's blessings our ministry grew exponentially. We developed close relationships with prominent and influential ministries by accepting invitations to speak in India and in other countries including Australia, Singapore, Sri Lanka, Canada, and the USA. Today, we feel called to pastoral ministry in the United States.

RELEVANT EXPERIENCE
